# ENVIRONMENT MATTERS

At Intuit by Softrend, we understand that environments matter. Whether it's in the office or public spaces like educational facilities, libraries, cafeterias or public waiting areas, our furniture designs are crafted not only to fill spaces but to transform them. We believe in creating settings that nurture creativity, foster collaboration, and enhance productivity, making every space intuitive and lively. Each of Intuit's furniture pieces is designed with the goal of making spaces more adaptable, functional, and appealing. At Intuit by Softrend, we're committed to redefining how furniture interacts with spaces and its users.

# INTUITIVE FURNISHING FOR GETTING THINGS DONE

Our way of working has changed. It's the creative problem solving, agile collaboration, and the feeling of community we search for in the office. Intuit's designs have evolved to meet this shift.

We've taken the spirit of the breakout space and divided it into 4 distinctive work zones — each designed to meet a particular need to encourage creativity and connection.

Our 4 Zones use modular and multi-functional furniture solutions to make the most of every area of the office. Providing alternate spaces to choose where to work within the office drives a more effective workspace, a better work experience, and better individual performance. A win-win!

The world is moving fast — with Intuit, you make sure office space can keep up. intuitive and lively.

INTUITIVE OFFICE

## INSPIRING LEARNING SPACES

At Intuit, we understand that effective learning environments extend beyond the traditional classroom setup of desks and chairs. Our vision is to create versatile spaces that cater to every aspect of the educational journey — from quiet study areas equipped with screens to dynamic group workspaces and comfortable lounges for relaxation and social interaction.

Our range of school furniture is designed to enrich learning experiences across all educational stages, from kindergartens to universities. We prioritize well-being for users of all ages and sizes, ensuring our furniture combines timeless design with functionality. Built to last, our pieces boast durable structures and are easy to maintain, making them a smart investment for long-lasting learning environments.

## TRANSFORMING THE WORKPLACE CAFÉ INTO A DYNAMIC HUB

At Intuit, we believe a contemporary workplace café does more than just serve food; it enriches the entire workplace experience. Far from being just a corporate eatery, it's a dynamic, multifunctional hub where employees can dine, meet, work, network, socialize, and reenergize. By activating underutilized spaces throughout the working day, it plays a crucial role in fostering employee productivity and well-being.

# ELEVATING THE LIBRARY SPACE

In the heart of every library, from the quiet corners of reading nooks to the collaborative buzz of communal spaces, the right seating can transform the experience. Intuit's range of library seating furniture is designed to meet every need— whether it's for individual study, group projects, or leisurely reading.

At Intuit, we believe in the power of timeless design, durability, and ease of maintenance to create inviting, long-lasting reading and learning environments. Discover seating solutions that cater to the diverse requirements of modern libraries, ensuring every visitor finds their perfect spot.

## ENHANCING TRANSIT SPACES INTO WELCOMING HUBS

The quality of waiting areas, whether in airports, hospital lobbies, conference centers, or large office buildings, significantly impacts user experience. Our approach to designing for these spaces centers on transforming mere transit areas into inviting hubs that offer comfort and function while waiting.

Intuit's public space collection is crafted to elevate waiting areas into more than just pass-through spaces; they become places where visitors can relax in comfort, catch up on work, or enjoy a peaceful moment away from the hustle and bustle. With Intuit's furniture, waiting becomes an experience in itself, characterized by style, comfort, and utility.

# FROM TRADITION TO INNOVATION: THE INTUIT STORY

## Rooted in Craftsmanship

Intuit by Softrend carries forward a legacy of over 25 years in the furniture industry, grounded in three generations of craftsmanship. Born from the established residential furniture brand Softrend, our journey began in a modest factory in Vääna, Estonia, where every sofa and bed is still handcrafted with precision. By managing every step of the production process, from meticulous quality control to extensive customization options, we uphold the highest standards. Our management system's adherence to ISO 9001:2015 and 14001:2015 reflects our commitment to consistent quality and environmental management.

## Innovating for Tomorrow

With a foundation deeply rooted in Softrend's extensive experience, Intuit by Softrend was launched in 2016 to revolutionize the public space furniture sector. We infuse a spirit of curiosity and innovation into Softrend's traditional expertise, creating functional, sustainable, and stylish furniture.

## Sustainability at the Core

At Intuit, sustainability isn't just a policy; it's a promise to our customers and the planet. We carefully select recyclable materials free from harmful chemicals, focusing on durable design to prolong the life of our products and lessen our environmental impact. Our design philosophy emphasizes product longevity, recyclability, and resource efficiency, ensuring that each piece not only serves its purpose but also contributes positively to the environment.

## Quality and Value

Our mission is to offer high-quality, durable designer furniture at fair prices, ensuring that while our prices are competitive, the quality and craftsmanship remain uncompromised. We believe that a quality product not only lasts longer but also provides greater value over time.

## Vision for the Future

Intuit is driven by a vision to enhance the daily lives of millions by creating the world's most inspiring and comfortable environments. Whether it's transforming offices into collaborative spaces or furnishing public areas like airports and hospitals, our goal is to make every environment a place where it's good to be. Our products are designed to nurture creativity, foster collaboration, and enhance productivity, ensuring that every space we touch is intuitive and vibrant.

THREE GENERATIONS  
OF FURNITURE-  
MAKING TRADITIONS  
SINCE 1997

# INTUIT BY SOFTREND AND SUSTAINABILITY

A growing number of informed consumers seek to make sustainable choices – but they can only do so if manufacturers make them possible. That's why Intuit by Softrend is steadfastly committed to sustainability, believing it's the only way to remain a responsible furniture manufacturer.

We recognize that the furniture industry has a significant environmental footprint. That's why we're taking action to reduce ours across the entire lifecycle of Softrend Group's products.

- 1** Reducing environmental impact by prioritizing chemical-free and recyclable materials.

**2** Enhancing recyclability by considering the reuse of materials and components from the design phase.
- 3** Extending product lifespans and minimizing the need for replacement by designing durable, repairable products.

**4** Lowering our ecological footprint through optimized storage, transport, resource efficiency, and weight reduction.

# PRIORITIES OF SOFTREND'S SUSTAINABILITY STRATEGY

Softrend's vision of sustainability relies on three principles, originating from **United Nations' Sustainable Development Goals**.

<p><b>Environment</b></p> <ul style="list-style-type: none"><li>• Climate change</li><li>• Circular economy</li></ul> <div><div><div>7 AFFORDABLE AND CLEAN ENERGY</div></div><div><div>9 INDUSTRY, INNOVATION AND INFRASTRUCTURE</div></div></div> <div><div><div>12 RESPONSIBLE CONSUMPTION AND PRODUCTION</div></div><div><div>13 CLIMATE ACTION</div></div></div> <div><div>15 LIFE ON LAND</div></div>
---

## ALREADY PART OF OUR DAILY PRACTICES

### Made to order

We prevent excess stock by producing only what is needed.

### Circular product design

We design all new products for longevity. Easy to disassemble, they can be repaired, refreshed, and ultimately recycled.

### Smart material choices

We encourage our customers to choose durable materials by offering them as standard. More and more are also recyclable.

### Minimizing waste

Following ISO 14001:2015, we reduce waste, reuse what we can, and pass the rest to our partners.

A great example of circular design is the Hover soft leaning wall – its top layers slide easily together and apart, making it simple to replace worn components.

## WHERE ARE WE GOING?

### **More eco-labelled products**

Building on the success of the Meeter series, which already carries the EU Ecolabel, we plan to certify at least ten more products or product lines by the end of 2026.

### **Improved recycling**

We will increase the use of renewable and recycled materials in our products.

### **Circular economy products**

All future products will follow circular design principles, and we will update most

### **More sustainable packaging**

We will prioritize recyclable transport packaging and reduce plastic use.

### **Enhanced governance & business ethics**

We ensure a safe, supporting work environment while maintaining ethical and transparent business practices.

# EU ECOLABEL AND OUR PRODUCTS

The EU Ecolabel guarantees that a product is made in an environmentally and health-friendly way, has a long lifespan, and can be safely recycled. We are applying for Ecolabels for our products to help customers make more sustainable choices.

## Environment

The raw wood, cork, bamboo, or rattan used in Ecolabelled products comes from sustainably managed forests.

## Health

Ecolabelled furniture is produced without the use of hazardous chemicals, ensuring safety for everyone who comes into contact with it – both during production and use.

## Warranty

Ecolabelled products come with a long manufacturer's guarantee, reflecting their high quality and exceptional durability.

## Sustainability

Ecolabelled furniture is easy to dismantle, repair, and refresh – for example, by replacing the fabric and foam. This process further extends the product's lifespan.

## Ecolabelled fabrics

Intuit offers a range of over 1,000 fabrics, many of which carry the Ecolabel. These 19 fabrics, each with distinctive looks and versatile characteristics, come from various manufacturers and are divided into multiple price categories.

## FSC certified wood

We already use 90% FSC-certified wood in the production of Intuit's products. This certification ensures that the wood is produced with equal regard for both the environment and economic viability.

Camira Oceanic fabric range is crafted from 100% recycled polyester and plastic sourced from marine debris.

# SOUND-ABSORBING FURNITURE

Public space and open offices often have problems with resonance, meaning that sounds reverberate for too long. Sound waves cannot move freely in a closed room and bounce off the structure of the room. Some of the sound is absorbed by surfaces, while some reflects from them.

Monitoring sound absorption and achieving the recommended reverberation duration is one of the principal tasks in the acoustic design of rooms. Acoustic absorption means that sound does not reflect off a material after reaching it. That is also the principle of designing furniture with acoustic properties: furniture has to absorb the sound that would otherwise reflect back and contribute to unwelcome noise.

Creating a more pleasant environment requires us to dampen all kinds of different sounds, such as fans, people's footsteps, conversations and phone calls.

## Acoustic August

The entire August series is designed to improve office acoustics which makes it a perfect choice for an intuitive workplace. August product series gives you more absorption area in the room, e.g. better sound and less reverberance. A less reverberant room gives you better speech quality and less noise in the work environment.

The August products are rated at the highest Class A for sound attenuation. This means that they offer noise reduction equivalent to covering additional square meters of a room with 100% sound-absorbing material. The specific amount of square meters covered depends on the surface area of the chosen August model.

THE AUGUST PRODUCTS ARE RATED  
AT THE HIGHEST CLASS A  
FOR SOUND ATTENUATION

### Equivalent absorption area per object (m²Sab / object)

For example, the calculated sound absorption value for the August 2.5-S/H3 sofa model is 4.8m²/sab. This is comparable to completely covering an area of 4.8 m² with a material that absorbs 100% of sound. In practical terms, one August 2.5-S/H3 sofa provides the same noise reduction as about 12-13 sound absorber walls, each 50mm thick and covered with cloth or felt, measuring 600x600 mm.

### Equivalent absorption area per object (m²Sab / object)

For example, the calculated sound absorption value for the August Workbay 2.5-S/H3 model is 10.7m²/sab. This is comparable to completely covering an area of 10.7 m² with a material that absorbs 100% of sound. In practical terms, one August Workbay 2.5-S/H3 provides the same noise reduction as about 29-30 sound absorber walls, each 50mm thick and covered with cloth or felt, measuring 600x600 mm.

## Sound-absorbing sofa and armchair

Design: Pent Talvet, Iseasi

The timeless and playful August series ranks among Intuit's TOP 3 popular products. We designed the August range to perfectly address the room acoustics issues which makes it a perfect choice for an intuitive workplace. Get away from the constant distractions, and quieten the noise when it's all too much.

With sound-absorbing walls, August gives you a private oasis within even the noisiest of surroundings, and the different height options make August versatile enough for conversations in your Social Zone, or focused individual work in your Concentration Zone.

## Sound-absorbing workstation

Design: Pent Talvet, Iseasi

Looking for the perfect spot to have that important conversation? The August sofa set provides an easy solution for creating a workbay where you can go to get some privacy or have meetings. The August Workbay is an integral part of your Concentration Zone, providing an opportunity to step away from the noise, and find the focus you need.

The only thing it takes is to connect two August sofas or armchairs with a partition wall. Sound-absorbing qualities make it easy to carve out a space of peace and quiet within an open-plan office. Distraction-busting high sides with sound-absorbing qualities make it easy to carve out a space of peace and quiet within an open-plan surroundings.

# Harles

**Soft office sofa**  
Design: Silver-Harles Haljandi

An office that feels like home creates a sense of warmth and belonging, where everyone feels welcomed and cared for. With its flowing form, Harles conveys this message in an effortless and chic way, with a touch of luxury.

The strength of the Harles sofa lies in its softness. Comfy seat cushions, filled with triple-layer foam, maintain their shape beautifully and make sitting a real pleasure. Designed with curves on all sides, Harles brings a sense of cosiness to any space, while its stylish high legs add an air of elegance. Opt for a seat module with a striking diagonal shape, and the character of Harles truly shines.

# Hide

## Mobile office armchair

Design: Pent Talvet, Iseasi

A cozy nest in the middle of the office. Some tasks demand a different level of immersion. Some require that you get up from your desk, grab your laptop and slip into a more comfortable corner to allow your thoughts room to roam. The Hide has been specifically designed to be a soft nest to which office nomads can retreat.

Hide's mobility allows for easy repositioning to suit your needs, whether that means facing an inspiring view from a window or turning away from the noisy office crowd.

# Lilja

## Work sofa

Design: Samuli Naamanka

Transforming public spaces with Nordic elegance. Created in collaboration with Finnish designer Samuli Naamanka, Lilja is a tribute to the harmony and timelessness of Nordic design. Warm and friendly solid wood and elegant lines make up a pleasing piece of furniture that reflects the Nordic attitude to style and quality.

Lilja has flexibility at her heart, allowing you to tailor its setup to suit various spaces and personal tastes. Cherry-pick the armrest combinations. Optional backseat and armrest pillows enhance the comfort, inviting you to sink in and experience its welcoming embrace. Whether it's your office or any public area, Lilja promises to transform ordinary spaces into cozy, inviting environments. Much you value their comfort and wellbeing. Put the finishing touches to your Social Zone with this inviting sofa.

# Manhattan Hexa

Available at  
**pCon**  
PLANNER

## Multifunctional hexagonal seating system

Design: Morten Nikolajsen

Elevate beyond the mundane with the Manhattan Hexa seating system, where traditional reception and social areas become hubs of engagement. The versatility of the unique hexagonal design allows for an array of configurations — from open, inviting layouts to more secluded seating areas ideal for educational institutions, airports, cinemas, and more.

With additional partition walls, the Manhattan Hexa can easily transform any public space into a tailored seating solution. Its design is particularly well-suited for learning environments, thanks to the playful shapes and the ability to employ various fabrics on the seating surface and sides.

## Multifunctional pentagonal seating system

Design: Morten Nikolajsen

Dive into the dynamic, fluid design with Manhattan Penta. Crafted for those who desire a playful yet functional space, this seating system doesn't just adapt — it transforms. Its unique pentagonal modules and varying heights allow for the creation of endless combinations, from intimate meeting spots to expansive seating arrangements. Add modular tables between seats and utilize the integrated plug-in options to enhance versatility and functionality.

Manhattan Penta's adaptability makes it ideal for a variety of public spaces. Whether setting the stage for collaboration in educational institutions, welcoming guests in office lobbies, or providing comfort in airport and cultural facility waiting areas, Penta ensures every space is both inviting and memorable. Give your guests more than just a place to sit — give them a topic of conversation and a reason to return.

# Spot

## Multifunctional seating furniture

Design: Pent Talvet, Iseasi

Spot is a centre of attraction, one that dominates both the Welcome and Social zones. The four modules can be used to create varied solutions for one or more seated individuals. Whether Spot provides privacy for someone waiting or facilitates communication depends entirely on its placement.

Always practical, Spot is a combination of an inviting seating area and a useful supporting surface. The shelves surrounding the seat form ideal supports on which to place a computer or simply to lean against. The shelves feature integrated sockets, enabling Spot to serve as a workspace, if desired. In addition to books and houseplants, the shelves confidently support various furnishing elements that enliven the space. Spot also makes it easy to divide rooms into zones.

# Wander

## Cosy niche sofa

Design: Lauri Visnapuu

When you combine the comfort of a home sofa with the convenience of an office sofa, you get Wander – a cosy niche sofa with high walls that provides visual separation, supports productivity, and can be easily moved around.

With modules available in three different widths, Wander offers a number of interior design options. By placing the modules opposite each other, the result is a cosy nest suitable for a private chat. When complemented with an auxiliary desk, it serves as a functional work island. Equipped with castors, Wander moves with you. Modules arranged in a row are also suitable, for a café, for example.

Wander's soft back cushions are loose and adjustable. In keeping with circular economy design, Wander's coverings are durable and easy to replace, even on your own.

# Intuit Booth

Available at  
**pCon**  
PLANNER

Phonebooth  
Design: Iseasi

You need to make a call. But you'd rather the whole office didn't listen in. Booth provides a quiet oasis, so you can focus on your conversation, without distractions.

We saw an opportunity to make the basic phone booth a much more pleasant place to be. If you've spent time in cramped and claustrophobic phone booths before, you'll marvel at how Booth opens up the space. You can be part of the open-plan space, while still having access to the focus and privacy you need at various points of your day. And its rocking and rotating seat gives you room to move, without banging your elbows on the walls every 5 seconds.

Booth harnesses technology and design to provide an intuitive space for your special task. With sound absorbing upholstery and acoustic panels, Booth dampens noise from every direction. Its motion sensor fresh air ventilation system and adjustable LED lighting help you create exactly the environment you work well in. While its wheels mean you can relocate it to anywhere in your office.

## PRODUCT INFORMATION

More Space

Booth's trapezoid shape is especially designed to feel spacious. It enables you to choose different positions. Its wide glass panels help you feel part of your wider surroundings, without being disturbed by them. And make the whole booth full of light. You can swing and turn on your chair, adapting your setup to whatever you need to work on.

# Aide

## Multifunctional table series

Design: Karl Kukkk

The Aide table is an indispensable backdrop, designed to complement room layouts and core furniture. The multi-functional table series comprises variations that are tall, low, slender, sturdy, spacious, compact, and offer a combination of features, totalling 6 different versions.

With its timeless and refined appearance, Aide blends into any interior, while maintaining an understated presence, allowing other furniture pieces to take the spotlight. Aide focuses on function adapting to various environments – it can be a coffee table in the lounge area, a dining table in cafes and canteens, or a desk in the work zone. Finding the perfect solution is easy, as Aide can be integrated with the entire Intuit soft furniture range.

# Flow

## Shared office desk

Design: Martin Pärn / Janno Nõu, Iseasi

Sometimes, only a few people come into the office and the room feels empty. Other times, when everyone is there – management, busy bees, guests – it could get a little crowded. With Flow, a shared office desk, neither loneliness nor a lack of space is never an issue

Flow is the social centre of the room, providing an equally welcoming haven for colleagues without a fixed desk as well as for groups holding meetings. The hidden sockets in the table's shelf supports enable one to be productive. It is also an ideal place for team lunches and casual chats. Flow stands without screws on stylish trestles, allowing you to effortlessly give the room a different look with a reversible two-tone tabletop.

# Hover

## Leaning wall

Design: Karl Kukkk

Sometimes, there's not enough space for a comfortable sofa, but you still want to make waiting comfortable. The day is saved by the soft leaning wall Hover, which you can lean on to pass the time alone or chatting with a companion.

Hover is brilliantly space-saving and fits perfectly in places where you might need to stand, such as at the airport, in a corridor, or behind a meeting room door. Placed in the office kitchen or in an

in-between space, it provides a convenient spot for exchanging ideas with a colleague on the go. Hover is available as a module in four different sizes. By adding a coffee table and a power socket, you can even get work done while leaning. Quickly installable and featuring easily replaceable fabric, Hover also offers noise-dampening properties thanks to its foam and perforated inner panel. Hover is designed for disassembly fully embracing the principles of circular design.

# Oaas

## Planter room divider

Design: Lauri Visnapuu

Character lies in the details. The small, seemingly insignificant elements that give a space its unique identity. The best details don't just enhance aesthetics – they add value!

The Oaas decorative room divider is a stylish and functional backdrop that brightens any room, regardless of size. Its elegant round modules can stand alone or be connected to form 'walls', creating purposeful zones within a space. Designed with practicality in mind, Oaas features a surface perfect for displaying plants or decorative objects. Plus, its fabric-covered outer wall improves acoustics by absorbing echoes.

- Allow the room to be divided into zones
- Reduce noise and echoes
- Add variety to the room

## PRODUCT INFORMATION

<b>Versions</b>
Available as a surface or plant pedestal modules in 7 different heights
<b>Modularity</b>
Modules can be connected together
<b>Warranty</b>
5 years
<b>Sustainability</b>
Based on principles of circular economy

## STANDARD FABRIC COLLECTION: A SYMPHONY OF DESIGN, DURABILITY AND SUSTAINABILITY

At Intuit by Softrend, we understand that the right fabric can transform a piece of furniture from merely functional to truly exceptional. That's why we offer an extensive Standard Fabric Collection, featuring over 1,000 high-quality fabrics sourced from renowned international suppliers including Camira, Kvadrat, Gabriel, and others. Each fabric is carefully selected to ensure it meets the rigorous demands of public spaces, with superior durability and compliance with flame and/or fire resistance standards.

Our collection is meticulously curated to cater to diverse tastes and budgets, organized into five distinct price categories. This structured assortment ensures that whether you're seeking luxury or affordability, you'll find fabrics that do not compromise on quality or style.

For those who desire a personal touch, we offer the flexibility to upholster your chosen furniture with your own material, allowing for a truly customized interior experience.

We are committed to sustainability; the majority of our fabrics bear the Oeko-Tex or Ecolabel certifications and/or are made from recycled materials, reflecting our dedication to environmental responsibility. Our annual update of the fabric selection not only aligns with the latest trends but also retains beloved classics that have stood the test of time.

Discover fabrics ranging from rich wools and sleek artificial leathers to soft felts, most backed by a 10-year manufacturer's warranty. The Intuit by Softrend Standard Fabric Collection is designed not just to meet, but to exceed the functional and aesthetic needs of any space.
