A LONG-LIFE  
PRODUCT

Welcome Zone

*Link – when you  
have only a moment  
to sit down.*

## Forever yours

Bench sofa Link is the centre of an environmentally conscious space. Its primary function is to welcome your guests, and for this, it is ready forever and ever.

Link is designed for the welcome zone, providing the ideal stopping point when you need to sit for a moment, and be ready to move on. More dignified and cosier than an ordinary bench, but also more crisp and flexible than an inviting sofa.

Worn-out parts can be easily repaired, extending the life of your Link to the end of time. But if you still want to send it to its final resting place, Link's natural materials and cleverly combined parts are 100% recyclable.

## Suitable for a Welcome Zone because it:

- is designed specifically for short sitting breaks
- lasts for years and is repairable
- complies with the principles of the circular economy

## Product information

### Frame
