## Find your flow with Intuit

Environment matters. Employees want more from their office than impersonal cubicles. They want spaces that nurture their creativity. Spaces that feel intuitive.

Intuit's designs help you create a living work space – one that teams move through, matching the environment perfectly to their task.

*Agile, creative, collaborative – the spirit of the office breakout space brought out onto the main floor.*

# How we make work better

Our way of working has changed. Doing your best work isn't just about sitting at a desk all day. It's the creative problem solving, agile collaboration, and the feeling of community we search for in the office.

Our designs have evolved to meet this shift. The flexibility and innovation at the heart of each one place intuitive human needs at the center.

*We've taken the spirit of the breakout space and divided it into 4 distinctive work zones - each designed to meet a particular need to encourage collaboration, creativity and connection.*

You'll find products to support the head-down focus of desk work, collaborative spaces that encourage interaction, lounges for socialising, and flexible seating for when people need a break from their desk. Having these varied spaces available encourages employees to work in a way that suits them, and we help you design the perfect flow.

Our 4 work Zones use modular and multi-functional solutions to make the most of every area of the office, giving an agile space that fosters playful creativity - because comfortable employees work better.

The world is moving fast - with Intuit, you make sure office space can keep up.

Welcome Zone

Social Zone

Collaboration Zone

Concentration Zone

# Welcome Zone

## Build an endless sweep of welcome

First impressions are everything. The Welcome Zone is where you put visitors at ease with warm and inviting sofas, and interesting features.

Create a warm Reception for visitors to soak up the atmosphere, an elegant Waiting Lounge for restful moments during a busy day, or a place to socialise, where barriers are broken over a cup of coffee. Set the stage for a positive meeting with Intuit's welcoming aesthetic.

## Reception:

Create a warm and welcoming first impression with our free-flowing modular **Manhattan Hexa** or **Penta** designs. Built to fit together in endless combinations, you can create a space that fits with your company aesthetic.

Create your Waiting Lounge with these welcoming products:

Build your Reception with these innovative pieces:

## Hello Coffee:

The world can be fixed over a cup of coffee, so why not weave in opportunities for problem-solving magic through your offices? Take a seat on the **Sans** sofa and brainstorm that tricky issue you've been stuck on with a little help from your friends.

Curate your Hello Coffee space with these warm pieces:

# Social Zone

## Harness the creativity of the hive mind

In our post-Pandemic world, the office also serves as a space where people can get together. When you approach your space with collaboration and socialising in mind, then you create somewhere your employees feel nurtured.

The office shouldn't be a place to power through your to-do list, missing lunch, and then heading home. Unscheduled meetings, and serendipitous connections will create a sense of joint purpose. Use your space to encourage a spirit of fun, and you might just spark the next big idea.

So, branch out from traditional office layouts, and experiment! Providing a choice of work settings, from inclusive lounge spaces to soundproof private discussion areas, will encourage meaningful connections and boost productivity.

## The In-Between Space:

Even the smallest space can lead to fruitful conversations if you plan it the right way. The **August** series of sofas and armchairs with sound-absorbing qualities allow you to create an area to duck out and have those quick one-on-one conversations away from busier working areas.

Build your In-Between Space with these pieces:

## The Lounge:

Taking breaks is the key to a productive day. So make sure your employees feel nurtured with cosy, homely spaces dotted throughout your offices. Fill them with soft seating, like our **Ben** sofa, and useful tables.

Furnish The Lounge with these comfortable designs:

## Gallery:

Office layouts don't have to be predictable. Our innovative pieces help you create zones that invite connection whatever your restrictions. Use the **August Wall and pouffe** combination to create areas of circulation, where colleagues can have encounters that brighten their day.

Create a Gallery with these innovative products:

# Collaboration Zone

More than half of office workers consider team interaction as the main reason to head to the office.\*

## Tackle your next problem together

If you want to tap into the benefits of connections, then a collaboration space needs to be the focal point of a business.

But it's not just as simple as popping a giant table and a whiteboard in a room and hoping for the best. As the way we interact changes, you'll need to think about how accessible your location is and the technology you need.

\* Source: U.S Workplace Survey Winter 2021

With our designs for the Collaboration Zone, you can create agile touchdown spaces that tap into all the benefits of bringing employees closer together, and supercharge creativity.

## Stand-up:

Not all collaboration needs to be lengthy. When you need to touch base quickly during a project, you don't need to book a whole meeting room for hours. Instead, stand-up spaces can make the most of corner areas using our **Rolf** mobile table and **Hubert** rocking chairs. Share key information quickly, get everyone on the same page, and get on with your day.

Construct your Stand-Up space using these pieces:

## Studio:

For times when a separate room is necessary, make it as versatile as possible with flexible furniture. Our **Rolf** mobile table and **Hubert** rocking chairs are easily moved around, and perfect for active collaboration sessions.

Build your Studio with these flexible designs:

## Living room:

In search of the ultimate versatile space? You need a micro-office. Fulfilling functions as diverse as individual desk work to a relaxed mentoring session, to presenting your next great idea to a small team. A micro-office space makes you feel at home, without feeling isolated.

Curate your Living Room with these intuitive designs:

# Concentration Zone

## Hone in on the task in hand.

Only increased health measures are seen as more important than distraction-free spaces at work. As we transition back to the office, it can be tough to get used to all this background noise again.

Our curiosity-driven design has created products with sound-absorbing qualities, and distraction-busting features. So in the Concentration Zone you'll find innovative ways to create privacy, and tools to enhance focus without feeling isolated. Give workers the gift of concentration – and reap the rewards in productivity.

*Over a third of office workers crave some quiet during the workday, and they're struggling to find it in our open-plan offices.\**

\* Source: U.S Workplace Survey Winter 2021

## Dialogue:

Concentration isn't always a solitary pursuit. When you need 2 sets of eyes on the problem, but you still need to avoid distractions, then the **August** range is your new BFF. Grab your partner in crime and settle in for some serious work.

Have a Dialogue with these innovative designs:

## Nest:

The admin nightmare of trying to book a private room for a delicate conversation can be left far behind with our sound-absorbing **August and Meeter Workbays**. Take advantage of the seclusion between the acoustically shielded walls for a private discussion.

Build a Nest with these creative pieces:

## Secluded cell:

For when perfect focus is needed a Secluded Cell provides. Find peace and quiet within the **August Nook**, whether you're working on something private, or you just need to concentrate with no distractions. Perfect for dotting around the outside of an office, you can create private spaces with minimal effort.

Furnish a Secluded Cell with these focused products:

August Nook

## Phonebooth:

And if your conversation is really private? Then the **Intuit Booth** is your solution. Provide your employees with the space to take private calls – because life is complicated, and we're all a little more used to porous work/home boundaries now.

Intuit Booth

# Things have changed

You may have noticed that there have been a few changes to the office in recent years. Hybrid working, new technologies, health concerns, a constantly evolving economy. Rather than a gentle breeze, a raging storm has turned over the tables and left employers wondering how it all works now. Sure, you could sit back and welcome "the return to normal". You could buy the same old chairs, desks, and whiteboards. But "normal" is not returning.

The focus has changed, bringing the creative vibe of the breakout space out into the rest of the office. This new heart of the office not only increases opportunities for creativity, but also encourages attendance and attracts the best new talent. Who wouldn't want to work in an atmosphere of collaboration and connection?

*We bring a breath of fresh air to the workplace.*

Intuit was created to nurture this atmosphere. We want to help you address the massive change to the office environment. And we want to use our spirit of curious innovation to do it.

## We are here for:

- Curiously exploring and Innovating for the office of the future, and for right now.
- Designing spaces and Creating furniture that intuitively meets your team's needs.
- Supporting the creative and collaborative vibe that will produce the best work.

## Building up from our roots

Intuit was born from Softrend, an established (player) in the upholstered furniture space since 1997. We bring with us Softrend's extensive experience and legacy of creating soft and comfortable furniture. And we're adding our unique dash of curiosity and innovation, so we can upend the world of office furniture.

All our products are handmade in our own Estonian factory. We manage the process from the glimmer in our designer's eye to the finished product. So everything meets our sustainability and quality standards. And we're as agile as we like our products to be, with our small size gifting us flexibility, a personal approach, and the ability to react quickly to what you are asking for. A new wind is blowing...

*From Intuit, you can expect furniture that fits the way things actually work.*

# Aide

## Multifunctional table series

Design: Karl Kukkk

5 YEAR  
GUARANTEE

Welcome Zone

Social Zone

Collaboration Zone

Concentration Zone

### A supporting surface that fits everywhere

The Aide table is an indispensable backdrop, designed to complement room layouts and core furniture. The multi-functional table series comprises variations that are tall, low, slender, sturdy, spacious, compact, and offer a combination of features, totalling 7 different versions.

### Suitable for any of the work zones because it

- is easy to combine with other furniture;
- can serve several functions;
- always blends stylishly into the interior.

## Product information

### Top plate

High-pressure laminate: matte black

### Legs

Powder-coated metal, sand structure, matte black RAL 9005

### Base plate

Powder-coated metal, sand structure, matte black RAL 9005

## Dimensions

All dimensions provided in centimetres.

**S128-T3M**

**S128-T3S**

**S128-T1S**

**S128-T1M**

**S128-T4S**

**S128-T4M**

**S128-T4L**

With its timeless and refined appearance, Aide blends into any interior, while maintaining an understated presence, allowing other furniture pieces to take the spotlight. Aide focuses on function adapting to various environments – it can be a coffee table in the lounge area, a dining table in cafes and canteens, a desk in the work zone, or a standing desk across different settings. Finding the perfect solution is easy, as Aide can be integrated with the entire Intuit soft furniture range.

Collaboration Zone

Concentration Zone

## Designed for the Collaboration and Concentration Zone:

- Give the option of focus and seclusion
- Hold your own private meeting
- Divide your space organically
- Cut down on background noise

## Looking for the perfect spot to have that important conversation?

The August sofa set provides an easy solution for creating a workbay where you can go to get some privacy or have meetings. The August Workbay is an integral part of your Concentration Zone, providing an opportunity to step away from the noise, and find the focus you need.

The only thing it takes is to connect two roofed Augusts with a partition wall. Sound-absorbing qualities make it easy to carve out a space of peace and quiet within an open-plan office. Distraction-busting high sides give you the focus you need to unravel a tricky problem with a colleague. Its compact and modular style means that the Workbay can be placed in islets, rows, or whatever works best for your Concentration Zone.

*Shut the world away, and unlock your productivity.*

# Flow

## Shared office desk

Design: Martin Pärn / Janne Nõu, Iseasi

5 YEAR  
GUARANTEE

FSC  
CERTIFIED  
WOOD  
ONLY

No one feels  
redundant.

### The more the merrier

Sometimes, only a few people come into the office and the room feels empty. Other times, when everyone is there – management, busy bees, guests – it could get a little crowded. With Flow, a shared office desk, neither loneliness nor a lack of space is never an issue.

Flow is the social centre of the room, providing an equally welcoming haven for colleagues without a fixed desk as well as for groups holding meetings. The hidden sockets in the table's shelf supports enable one to be productive. It is also an ideal place for team lunches and casual chats. Flow stands without screws on stylish trestles, allowing you to effortlessly give the room a different look with a reversible two-tone tabletop.

## Product information

### Top board

QUALITIES

*Make happiness in  
workplace grow again.*

### A peaceful green hideaway

Transform your office into a lush forest and show that you care. Use flowerpots of two different heights as clever space dividers to close yourself off from the endlessness of the open office floor plan. The 360-degree rotating wheels allow you to give your office space a new floral face-lift, anytime.

Order these mobile plant dividers, cleverly lined with acoustic foam and optionally covered in acoustic felt on all sides, to muffle noise and create a soothing environment for employees. Or opt for a more multifunctional design that puts a spacious shelf on one side.

### A cozy nest in the middle of the office

Some tasks demand a different level of immersion. Some require that you get up from your desk, grab your laptop and slip into a more comfortable corner to allow your thoughts room to roam. The Hide has been specifically designed to be a soft nest to which office nomads can retreat.

Thanks to its modular design, the seat, screen and support surface can be positioned on the frame in multiple directions. Its mobility means that the Hide can be easily repositioned in whichever way you need it, whether it be facing an inspiring view from a window or turning away from the noisy office crowd.

### Designed for the Concentration Zone:

- Makes for a perfect hideaway
- Creates a homey atmosphere

## Deliver quiet with Booth

You need to make a call. But you'd rather the whole office didn't listen in. Booth provides a quiet oasis, so you can focus on your conversation, without distractions.

We saw an opportunity to make the basic phone booth a much more pleasant place to be. If you've spent time in cramped and claustrophobic phone booths before, you'll marvel at how Booth opens up the space. Its special trapezoid design enhances your cognitive comfort, while eliminating annoying echoes. And its rocking and rotating seat gives you room to move, without banging your elbows on the walls every 5 seconds.

Booth harnesses technology and design to provide an intuitive space for your special task. With sound absorbing upholstery and acoustic panels, Booth dampens noise from every direction. Its motion sensor fresh air ventilation system and adjustable LED lighting help you create exactly the environment you work well in. While its wheels mean you can relocate it to anywhere in your office.

## Designed for the Concentration Zone:

- Enjoy a room that feels bigger on the inside
- Take calls without disturbing your team
- Find the peace you need

## Cover materials

**Outside:** Soft upholstered wall panels and interior ceiling panel covered with certified acoustic and fire-retardant felt. Standard selection:

Full Intuit House Fabric Collection available on request. See pages 140-143

**Inside:** Wall panel cover is available in certified acoustic and fire-retardant material. Standard selection:

**Floor:** Floor cover is available in 2 colors in a fishbone pattern. Standard selection:

## Dimensions

All dimensions provided in centimetres.

## Product information

### Structure

High-quality plywood, painted black

### Materials

**Outside:** soft upholstered panels covered with certified acoustic and fire-retardant felt

**Inside:** ceiling and wall panels covered with certified acoustic and fire-retardant felt and fabric

**Table:** black high pressure laminate

**Glass door and back wall:** tempered glass panel, equipped with certified acoustic foil

### Additional information

**Acoustics:** A-class sound reduction

**Electrification:** Mains power outlet 220W. USB chargers (5A, type A and C) on request

**Movable:** On four wheels underneath, floor adjusters are integrated for levelling

### Integrated ventilation

Airflow rate: when occupied 40l/s; stand-by mode, after 5 mins no occupancy 27 l/s

### Accessories

Bar height perch, 360 swivel and rocking

## More Space

Booth's trapezoid shape is especially designed to feel spacious. It enables you to choose different positions. Its wide glass panels help you feel part of your wider surroundings, without being disturbed by them. And make the whole booth full of light. You can swing and turn on your chair, adapting your setup to whatever you need to work on.

# Kuubik

## Sofa table

# Lilja

## Soft work sofa

Design: Samuli Naamanka

Embrace comfort,  
embody resimercial style.

### Transforming public spaces with Nordic elegance

Created with Finnish designer Samuli Naamanka, Lilja is a tribute to the harmony and timelessness of Nordic design. Warm and friendly solid wood and elegant lines make up a pleasing piece of furniture that reflects the Nordic attitude to style and quality.

Lilja has flexibility at her heart, allowing you to tailor its setup to suit various spaces and personal tastes. Cherry-pick the armrest combinations. Optional backseat and armrest pillows enhance the comfort, inviting you to sink in and experience its welcoming embrace. Whether it's your office or any public area, Lilja promises to transform ordinary spaces into cozy, inviting environments. Much you value their comfort and wellbeing. Put the finishing touches to your Social Zone with this inviting sofa.

Welcome Zone

Social Zone

5 YEAR  
GUARANTEE

FIRE  
RESISTANT  
FABRICS

A LONG-LIFE  
PRODUCT

Welcome Zone

*Link – when you  
have only a moment  
to sit down.*

## Forever yours

Bench sofa Link is the centre of an environmentally conscious space. Its primary function is to welcome your guests, and for this, it is ready forever and ever.

Link is designed for the welcome zone, providing the ideal stopping point when you need to sit for a moment, and be ready to move on. More dignified and cosier than an ordinary bench, but also more crisp and flexible than an inviting sofa.

Worn-out parts can be easily repaired, extending the life of your Link to the end of time. But if you still want to send it to its final resting place, Link's natural materials and cleverly combined parts are 100% recyclable.

## Suitable for a Welcome Zone because it:

- is designed specifically for short sitting breaks
- lasts for years and is repairable
- complies with the principles of the circular economy

## Product information

### Frame

Plywood and sheet metal

### Cushioning

Recycled LIMI foam rubber

### Legs

Powder-coated metal legs, black RAL 7004

### Recommended cover material

Natural wool felt and easy-to-clean laminated fabrics

## Dynamic and flexible space for collaboration

So how do we get the creative juices flowing? Simple: design for interaction and ideation. We need dynamic and flexible space where furniture doesn't hamper us, but instead empowers our collective creativity – without us even being aware of it. Innovative environments that support working together ask for different type of settings and furniture than we're used to seeing in an office. The Creative Corner invites new ideas and new kinds of behavior into your office, and gets them working for you.

Designed for dynamic collaboration, the mobile **Rolf table** can be easily moved around in your space. Given its height, you can work at the table on your feet or by resting your weight on one of our **Hubert pouffes**. Chairs with raised seating keep your back straight and your mind sharp. They set you no barriers. Jumping up to throw yourself into the discussion is quick and easy.

*When it comes to dynamic collaboration, there's no place like the office.*

## Designed for the Collaboration Zone:

- Encourage active problem-solving
- Bring heads together at a moment's notice
- Make your office flexible

# Hubert and Hubert Mini

High and low pouffe

Design: Iseasi

**Because the best ideas are a little different.**

A chair that lets you brainstorm in style. The sleek frame and raised seat of the Hubert high pouffe help to support ergonomic posture effortlessly, while the 360° swing leg lets you swivel and rock while ideating – great for productive, dynamic team meetings. Simple to manoeuvre, these chairs help you create a welcoming and agile space at a moment's notice.

### Just the place to be

Spot is a centre of attraction, one that dominates both the Welcome and Social zones. The four modules can be used to create varied solutions for one or more seated individuals. Whether Spot offers privacy to the person who is waiting or facilitates communication is purely a question of placement.

Always practical, Spot is a combination of an inviting seating area and a useful supporting surface. The shelves surrounding the seat form ideal supports on which to place a computer or simply to lean against. The shelves feature recessed sockets, enabling Spot to serve as a workspace, if desired. In addition to books and houseplants, the shelves confidently support various furnishing elements that enliven the office space. Spot also makes it easy to divide rooms into zones.

Attracts people  
and things.

Welcome Zone

Social Zone

### Suitable for the Welcome and Social zones because it:

- is a comfortable place to wait;
- can serve several functions;
- helps to create an inviting atmosphere.

## Valchromat® colour options for additional table

Applicable: August, Frankie, Kuubik, Meeter

### Standard colour selection:

Light grey    Grey    Black

### Custom colour options for Kuubik:

Yellow    Red    Purple    Blue

Valchromat® is an innovative wooden board that combines the natural properties of wood with bright colours. Because Valchromat is about 30% more dense than usual MDF boards and is coloured throughout, it is also more resistant to mechanical damage.

In the Valchromat production process, painted wood particles are glued together with a special low-formaldehyde resin with good lubricity. Small wood particles create a delicate sparkling pattern on the board, so differences in colour and pattern may sometimes occur.

- Custom colour at customer's request from Valchromat colour catalogue
- Additional optional cost will be added
- Custom colour is not stock material, extra delivery time 2-3 weeks

Ecological organic dyes. Formaldehyde emissions are within the limits set by European standards.

## Colour options for metal frame

Applicable: Alfred, August, Frankie, Kuubik, Meeter, Penta, Sans

### Standard colour options:

White RAL 9016    Grey RAL 7030    Graphite RAL 7022    Black RAL 9005

### Custom colour options for Kuubik:

Yellow RAL 1032    Red RAL 3016    Purple RAL 4007    Blue RAL 5009

- Custom colour choice at customer's request from RAL catalogue
- Custom colour is not stock material, it is necessary to specify the minimum quantity, extra delivery time 2-3 weeks

## Solid wood finishing options for legs and leg frames

Applicable: Alfred, August, Intro, Meeter, Rolf, Sofi

Whitened    Natural    Dark    Wenge    Black

## High-pressure Laminate

Applicable: August, Frankie, Meeter, Penta, Sans, Rolf

Custom colour is not stock material, it is necessary to specify the minimum quantity, extra delivery time 2-3 weeks

**Formica Infiniti™**  
Matte, fingerprint-resistant, high-pressure laminate.

As beautiful as it is durable, Formica Infiniti® Laminate features a soft-to-the-touch super matte finish, resists fingerprints, has thermal healing capabilities and built-in antimicrobial surface protection.

**Abet Polaris** is smooth and velvety to the touch, and its surface features are truly extraordinary: it is highly resistant to scratches and heat, as well as being anti-fingerprint.

The curious combination of durability and velvet smoothness gives Polaris a futuristic appeal, making it the ideal choice for ultra contemporary projects, delighting the senses with a pleasant and unique effect.

### Standard Colors

White Formica Infiniti™ F949 White    Gray Abet Polaris 2907 Gris Foncé Pol

Black Abet Polaris 2902 Noir Pol    Bio-Oak F7603

# Fabric collection

*Our standard selection includes contract fabrics from different suppliers: Camira, Kvadrat, Gabriel, Nevotex, Agua*

## Sustainable fabrics

Caring about the world around us we make long-lasting furniture and use fabric leftovers on specially designed products. To minimize our impact on nature even further we have also included several environmental-friendly and recycled fabrics to our standard selection.

Camira's Rivet is designed to blend the aesthetic qualities of luxury woolen apparel with modern performance sportswear, Rivet is a lightly textured hopsack which emulates the swathe of suiting in a well-heeled synthetic. Rivet is made from 100% REPREVE®, a brand of recycled polyester made from used plastic bottles.

Gabriel's Cura is a multi-purpose, two-coloured upholstery fabric made from 98% post-consumer recycled polyester. It fuses modern performance with a warm, casual aesthetics and a soft, voluminous touch.

Blue Company's Dama is an eco-friendly fabric made of recycled wool, suitable for multipurpose use. Wool has very good acoustic qualities - it increases sound-absorbing and that makes it especially good choice to use on our products in open-plan offices.

## Easy-clean fabrics

Aquaclean® technology is a revolutionary fabric treatment that allows you to clean stains using water only. This provides you with simple fabric maintenance in the minimum amount of time.

Aquaclean helps to remove the majority of household stains (wine, ink, sauce, fat, mud, chocolate, cream, etc.) making life easier and giving you more time for the more important things.
