

# Wander

## Cosy niche sofa

Design: Lurni Visnapuu

When you combine the comfort of a home sofa with the convenience of an office sofa, you get Wander – a cosy niche sofa with high walls that provides visual separation, supports productivity, and can be easily moved around.

With modules available in three different widths, Wander offers a number of interior design options. By placing the modules opposite each other, the result is a cosy nest suitable for a private chat. When complemented with an auxiliary desk, it serves as a functional work island. By ordering the wheeled version, Wander moves with you around the office. Modules arranged in a row are also suitable, for a café, for example.

Wander's soft back cushions are loose and adjustable. In keeping with circular economy design, Wander's coverings are durable and easy to replace, even on your own.

# *Unrivalled comfort.* **Just like at home**

## **Suitable for any of the office zones, because it:**

- helps make waiting more comfortable
- allows you to focus and separate
- can be moved around, if desired
