

# Takt

## Complete micro workstation

Design: Lauri Visnapuu

Designed for moments that require focus in shared environments, TAKT is a compact, all-in-one micro workstation that creates a personal work zone wherever it's needed. Combining a comfortable upholstered seat, integrated work surface, lighting and power access within softly enclosing side panels, TAKT supports concentrated work without isolating the user from the surrounding space.

Ideal for modern offices, libraries, educational facilities and public interiors, TAKT offers a flexible solution for work nomads, hybrid employees and visitors who need a quiet place to read, think or work for a short or extended period. Its modular logic allows units to be placed individually or in rhythmic rows, adapting seamlessly to different layouts and space constraints.

Concentration Zone

Encourage focus and privacy

Divide your space with ease

Reduce visual distractions

## PRODUCT INFORMATION

### Versions

Left- or right-handed seat position
