

Sprout

Mobile plant divider

Design: Lauri Visnapuu

Adding greenery to a space enhances overall wellbeing and helps boost productivity. Use the practical Sprout space divider, which lets you grow suitable plants right inside it.

Sprout is ideal for making any space more visually appealing and cosy. Use it to define work areas or leave it in communal spaces for flexible use – Sprout's wheels make it easy to move it around. Sprout is precisely sized to fit between two opposite-facing desks, covering the full span of both workstations and providing privacy. It comes in two heights with three different top surfaces. The fabric-covered exterior adds character and improves room acoustics.

DIFFERENT SURFACES

NARROW SURFACE

The most compact option. With minimal surface space around the planting area, this version is perfect for use in narrow corridors and passageways.

EXTENDED SURFACE

The medium-width surface surrounding the planting area is complemented by an extra surface. It can be used for seating or storing work equipment. Suitable for both open areas and between desks.

MEDIUM-WIDTH SURFACE

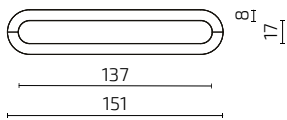

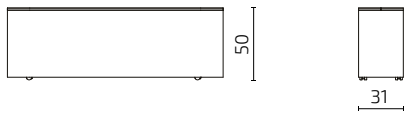

The planting area is bordered by a medium-width surface – ideal for resting small items like a coffee cup. Suitable for placement in the centre of a room, where it creates visual separation.
